

Exceptional service in the national interest

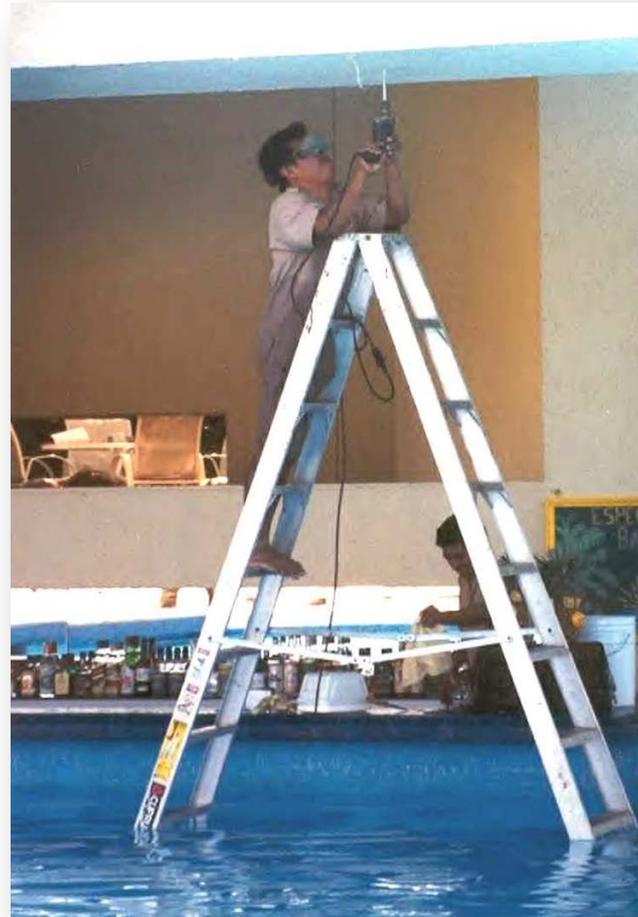

Human Cognition and Operational Safety

J. Stephen Rottler, PhD
Vice President, California Laboratory
Vice President, Energy, Climate, & Infrastructure Security
Sandia National Laboratories

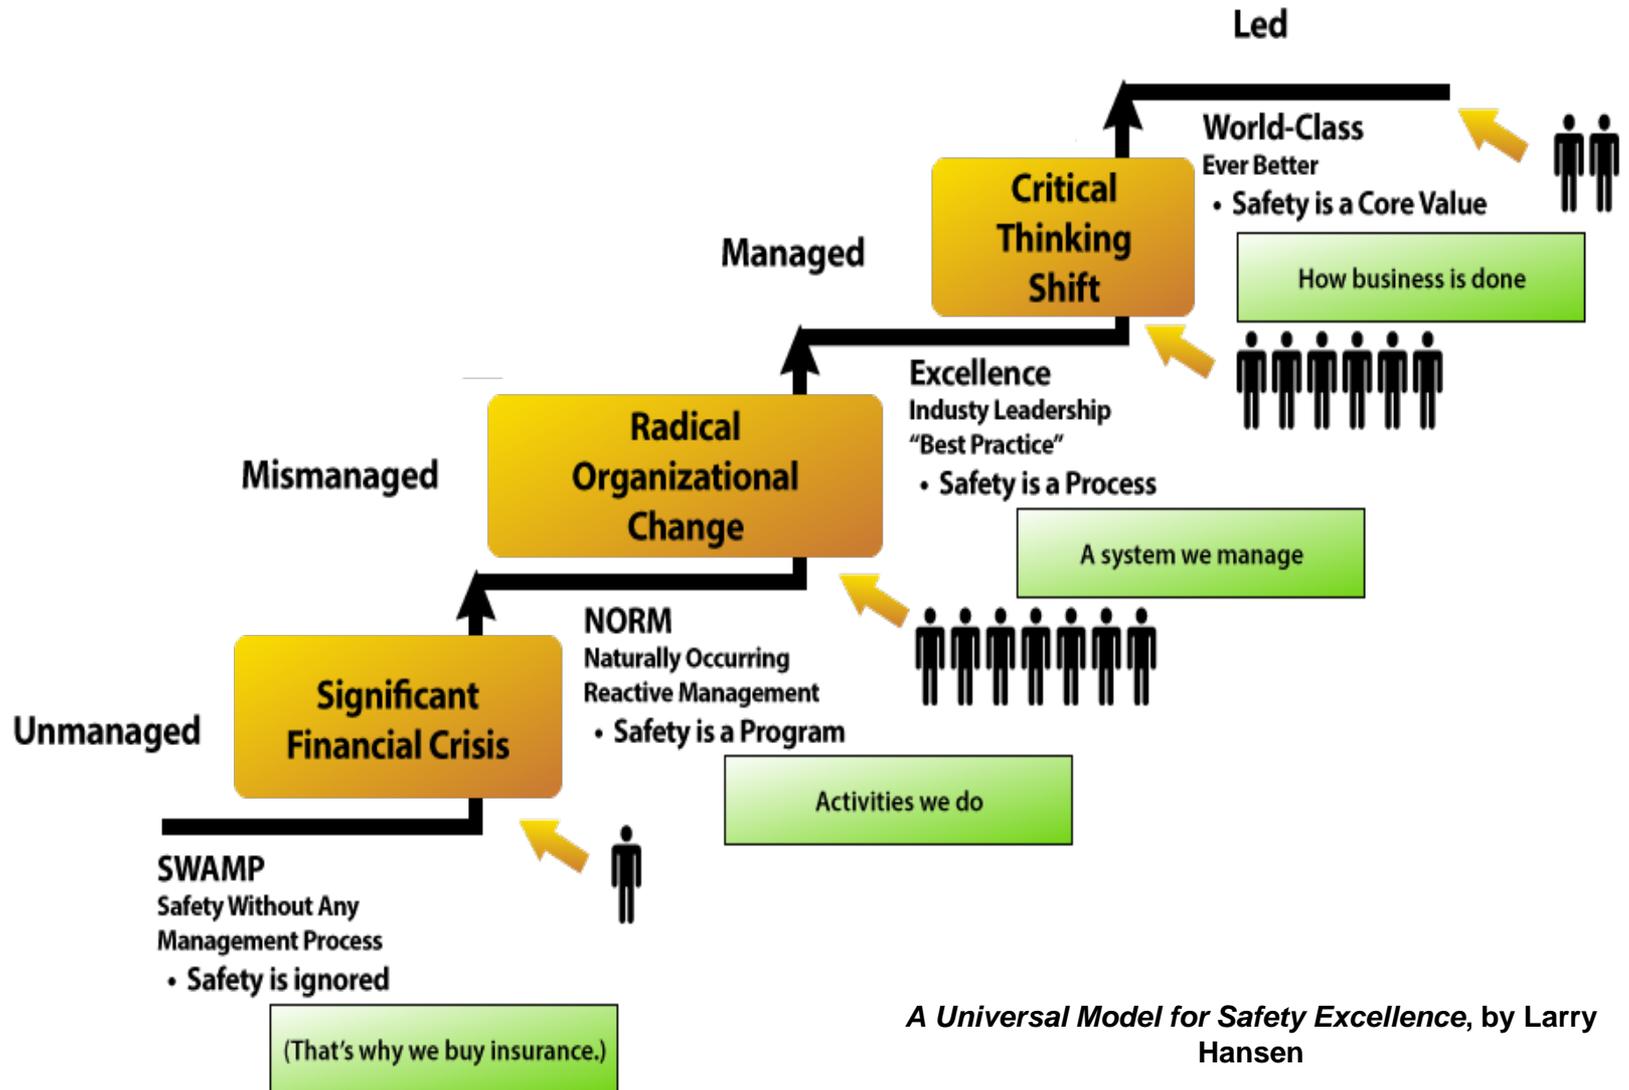

Sandia National Laboratories is a multi-program laboratory managed and operated by Sandia Corporation, a wholly owned subsidiary of Lockheed Martin Corporation, for the U.S. Department of Energy's National Nuclear Security Administration under contract DE-AC04-94AL85000. SAND2013-1967 C

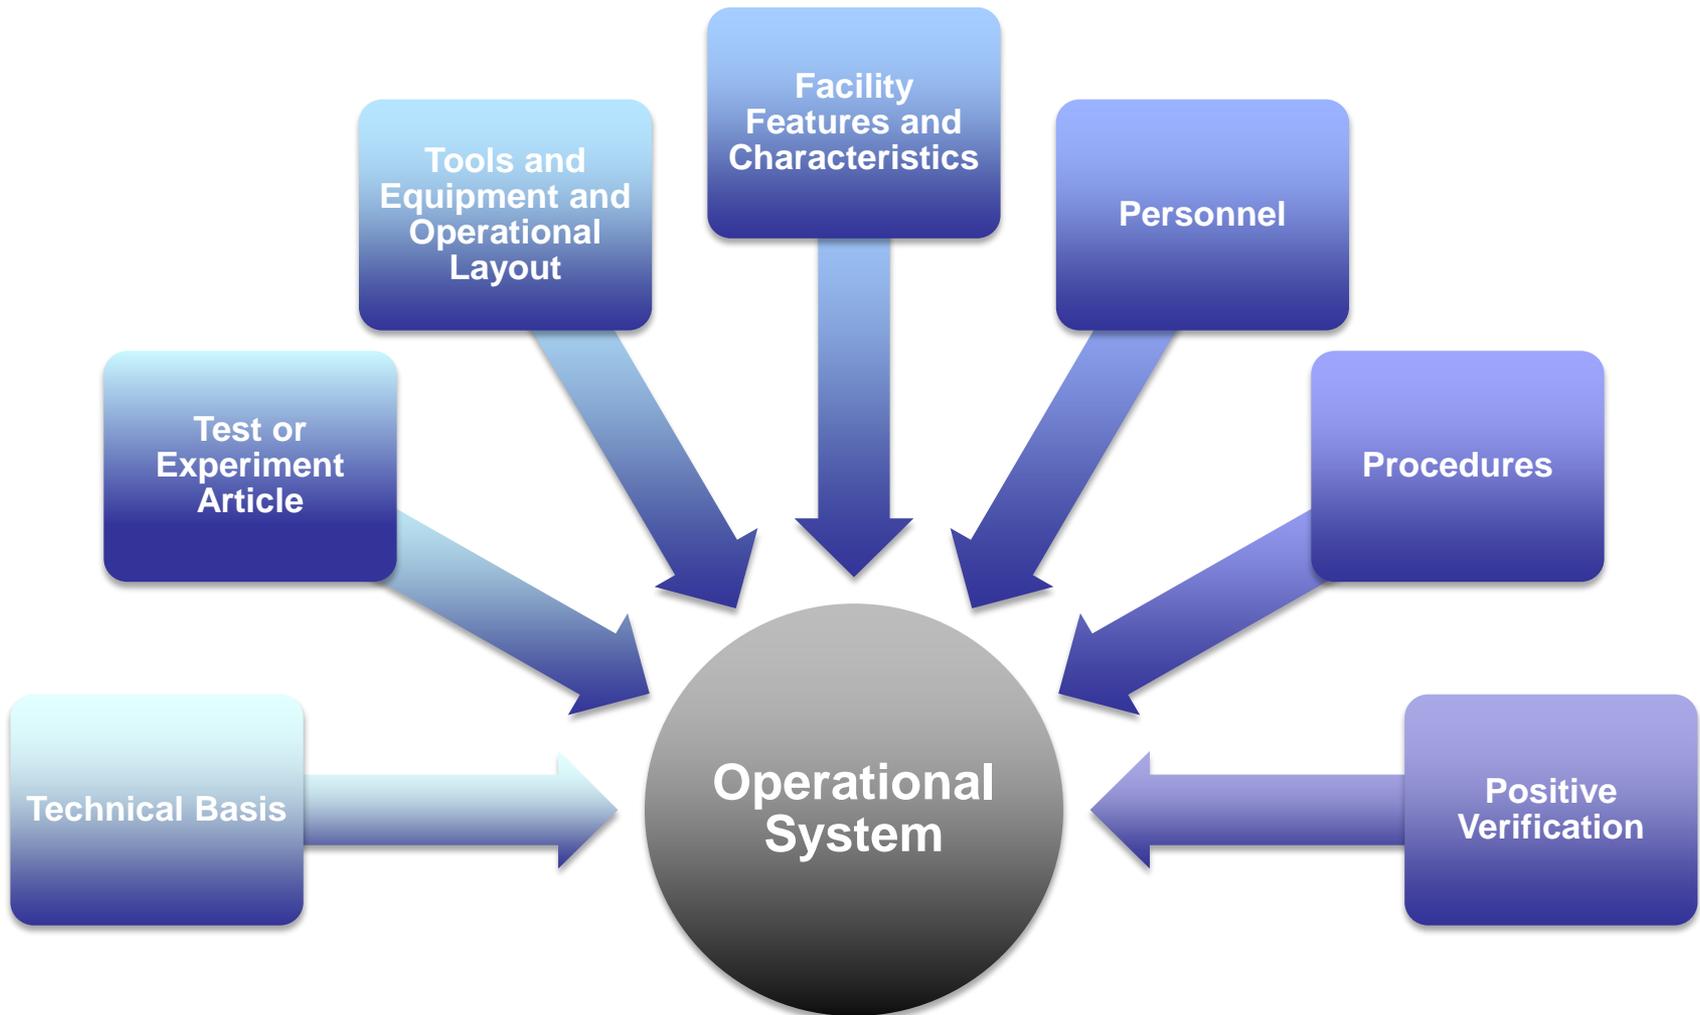

The “Operational System”

Engineered Safety in Six Questions

- What is the system?
- Who is the decision maker?
- What are the unacceptable outcomes?
- How can the system fail to perform as intended and how can I prevent such failures?
- What if the system fails anyway?
- How do you know it will work as intended?

Our journey is far from over
